Vol. 4. No. 1

Winter 2006

Outstanding Results Year after Year

Over four years ago, Valley Eye Associates was the first practice in Wisconsin to offer blade free LASIK with outstanding results. Our patient satisfaction rate is 99%.

Call Valley Eye Associates to learn more about blade free LASIK and schedule a FREE consultation.

Deluxe Implants Now Available for Medicare Patients

Valley Eye Associates is proud to announce that Medicare recipients, as well as those patients with Network Health Plan and United Health Care, can now upgrade to a Deluxe Intraocular Lens Implant at the time of their cataract surgery. Simplify your life with an advanced Prelex™ implant that lets you see close, far away and everywhere in-between.

Ask to see if Prelex™ sight restoration is right for you.

Valley Eye Associates Voted Best of the Valley 2006!

Valley Eye Associates is pleased to announce that they were chosen by the readers of the Appleton Post Crescent Newspaper as being "Best in the Valley" in two Categories—General Eye Care and LASIK. Congratulation to our doctors and staff for this prestigious award!

"Thank you Valley Eye Associates for my new set of eyes! I'm still reaching for my glasses and still thinking I need to take out my contacts. I am still grinning from ear-to-ear every time I realize that I can see. I can't even begin to tell you how this procedure has improved my quality of life. A special thank you to the staff for their exceptional care, good sense of humor, and after hours phone calls."
